

RF6-110 UL

Dual Sealed Beam Rotating Beacon Light

Description

Tri Lite's RF6110UL is the UL listed version of one of our best selling warning lights. The light utilizes two rotating PAR 38 sealed beam lamps under a tough polycarbonate dome. The light is mounted on a heavy duty aluminum base to keep out the elements and prevent corrosion. This versatile light is perfect for warning applications, lighting effects or the indication of machine status. The RF6 can be ordered in a variety of dome colors. This top quality light is made in America and comes with Tri Lite's 12 month limited warranty.
