

“HDL2” Heavy Duty LED Light Head

Innovative. Modern. Streamlined.

Why HDL2?

Our sturdiest IP66 (wet location) rated Heavy Duty LED Light Head (HDL2) is now more compact, with improved strength and durability. We have standardized the LED engines across the entire DL2 range so no matter what the budget, you have the same light output from each fixture. The HDL2 is equipped with a safety bumper to protect operators from injury and mitigate damage to the product.

Upgrade your loading dock with our sturdiest light head yet and experience the difference in performance and durability!

Features

- Uses up to 94% less energy than traditional incandescent heads
- 100,000 hour life expectancy in typical applications (vs. 2,000 hours for typical incandescent lights)
- Safety bumper protects operators from injuries and mitigates damage to the product
- Universal LED engine across all DL2 products
- Fixed wattage, eliminates the danger of incandescent lamps being screwed into LED fixtures.
- 5-year warranty on all light heads
- IP66 rated
- UL and cUL Listed
- Made in USA
